

Securing Your World

G4S Secure Solutions for Institutions of Higher Education

G4S Solutions for Higher Education

Combining value with the best officers, exclusive technology, support services and educational expertise

Your Individualized Roadmap for Security and Safety

We understand that each college and university requires a unique set of security and safety solutions. G4S specializes in developing individualized solutions for your specific campus environment while providing the right people, budget-minded processes and state-of-the-art technology. Whether you are supplementing your current security force or considering a new contract provider, G4S consistently delivers quality services and integrated solutions for educators and administrators.

Changing the Future with Manpower and Technology

All G4S officers are equipped with powerful Secure Trax® technology, creating the highest level of safety and security services for our customers. Empowering each G4S officer with our exclusive mobile technology ensures real time incident capture and notification by providing operational accountability and transparency and regulatory compliance tools.

Together they bring value to your higher education institution, reducing risk and revealing actionable data, making every G4S officer an integral part of your business process. The fusion of G4S officers with Secure Trax® delivers on our promise to provide the best safety and security program available today.

Balancing Needs and Budgets

G4S understands that security and safety must balance individualized needs while staying mindful of costs and budgets. That's why our people, processes and technology provide measurable value and quality. Let our G4S expertise provide you with new insights and understanding about the biggest risks to your compliance mandates and budgets, offering new solutions to emerging trends while showing measured improvements.

G4S Provides Security and Safety Solutions for:

- Community Colleges
- Private Colleges and Universities
- State Universities
- For-Profit Colleges and Universities

G4S Understands the Unique Educational Culture of Compliance

G4S is the preferred partner for higher education, assisting you with new requirements, changing regulations and planning and compliance mandates. Our partnership helps you maintain standards required by:

- Clery Act
- HEOA
- FERPA
- Title IX
- Local and State Regulation

G4S Solutions for Higher Education

Your campus environment requires the best

The Best Security and Safety Officers

G4S security and safety officers are ranked #1* in reliability, ethics, speed of response and adherence to rules and procedures by our customers. Most importantly, our officers are specially selected for your educational environment. They are committed specialists, trained to recognize and understand the unique environment in which they work and the values important to your college or university.

All G4S officers are equipped with exclusive G4S Secure Trax® technology, an exclusive performance and compliance tool developed to run on mobile devices. The integration of G4S officers with powerful G4S technology provides quality and value for your public safety and security programs.

Our campus security and safety officers are:

- Pro-active in prevention
- Trained to your specific environment
- Experts in technology
- Understand the importance of their work as part of federal compliance requirements.

G4S Custom Protection Officer®

The G4S Custom Protection Officer® (CPO) must meet our basic qualifications with a verifiable work history and one or more of the following:

- Law enforcement experience
- Military Service
- Graduate of police/corrections academy
- Criminal Justice degree

All G4S public safety and security officers are background checked using both federal and local databases, pre-screened, drug tested and trained to reflect your needs. G4S officers are also trained to use our exclusive G4S Secure Trax® technology.

Integrating G4S officers with Secure Trax® provides colleges and universities with:

- Operational accountability and transparency
- Customizable safety and facility inspections
- Post and performance confirmations
- Real time incident capture and notification
- Regulatory and contract compliance

Officer Training

All G4S officers are trained for the unique higher education environment in which they work. Campus public safety and security officers receive instruction on non-violent crisis intervention, legal compliance issues and campus crime prevention. G4S mandatory training includes 40 hours classroom orientation. G4S Secure Solutions is the only security company with training programs reviewed by the American Council on Education (ACE). The G4S CPO Training Program is reviewed by ACE until 2015.

G4S Security Process Development Assistance

G4S provides security and safety strategies development and planning to support your risk mitigation programs, maintain compliance mandates and promote a continuous cycle of improvement with:

Security Surveys and Risk Assessment

G4S logistical teams are skilled and experienced at conducting effective initial and annual security and safety surveys by identifying safety threats and recommending protective strategies and cost savings to improve efficiencies and mitigate risks.

Crime Prevention Programming

G4S can provide informative campus-specific educational programs as a way to educate and discuss specifics on security and safety procedures, personal safety tips and crime prevention awareness. G4S crime prevention programming can be developed and delivered in collaboration with your current Residence Life, Student Orientation or Human Resources strategies.

G4S Exclusive Technology for Colleges and Universities

Secure Trax®

G4S has revolutionized and expanded the technology horizon for security officers with Secure Trax®. The fusion of G4S officers with Secure Trax® provides you with the highest level of performance available today. Secure Trax® offers incident capture and notification, GPS plotting, guard tour documentation, time and attendance and safety and facility inspections. Secure Trax® lets officers capture and record incident information and send notifications to appropriate staff, all in real time. Using the Secure Trax® customizable safety and facility inspection modules, officers can record inspection activity, safety surveys, behavior-based surveys, facilities checks and more. Only Secure Trax® connects G4S security officers with your command center—your customized secure business intelligence portal and/or RISK360™.

RISK360™ + Clery Act

RISK360™ is a highly customizable incident and case management software designed to manage risk, improve business performance, maintain regulatory compliance and reduce costs. RISK360™ captures incident information, providing notifications, incident review and case management. RISK360™ also highlights emerging trend analyses and measures improvement outcomes allowing colleges and universities to optimize public safety and security operations.

In addition, RISK360™ has a special Clery Act add-on module that simplifies your compliance efforts by providing many features including automated daily logs and annual reports.

Remote Guarding

When higher education campuses need extra eyes on parking lots, secure entrances and assets, G4S Video Monitoring Center provides unmatched capabilities. Remote Guarding can provide a 24/7 pro-active approach to security and safety with video tours, video chaperoning, two-way voice communication and the detection of threats through the use of video analytics. These powerful tools can improve security, leverage technology investments and reduce costs.

Customer Portal

G4S moves beyond traditional static reporting methods to provide customers with a powerful business intelligence application to meet a variety of needs through a secure customized portal. The website provides transparent billing, activity reporting, KPI measurements, current and historic GPS tracking of all security officers and security post confirmations with scheduled check-in and check-out times versus actual data.

Customized Value-Added Services

G4S is experienced in providing individualized programs for your campus community with a commitment to quality and measurable value. Our expertise can assist your administration and safety programs with:

- Evacuation and Disaster Planning
- Campus Escort Services
- Emergency Preparedness
- Special Event Security
- Bike Patrols
- K-9 Programs

G4S Local Offices are an Integral Part of Your Community

Our extensive local commitment begins in your community. G4S managers and supervisors ensure you receive the attention and responsiveness that you deserve. We're your trusted partner for:

- Local hands-on experience and knowledge
- Community awareness
- Award winning resources and management
- Corporate social responsibility

G4S Provides Institutions of Higher Education with Quality and Measurable Value

From the largest universities to local community colleges, our highly trained G4S officers and cutting-edge technology bring unsurpassed safety and security solutions to help manage risk and reduce costs. Call us today to find out how we can partner with you.
